

# Transport Access Program

## Bexley North Station Upgrade

**COMMUNITY NOTIFICATION**

**6 August 2019**

Bexley North Station will be upgraded as part of the Transport Access Program, which aims to provide a better experience for customers by delivering accessible, modern, secure and integrated public transport infrastructure.

Key benefits of the station upgrade include a new lift and upgraded station entrance, stairs and canopy; new accessible pathways throughout the station precinct, including a new ramp to the commuter car park; reconfigured and upgraded commuter car park including new accessible parking spaces; and improved station amenities such as accessible toilets, CCTV and lighting.

### **Project update**

Planning approval was granted in April 2019, and preliminary design work is now underway on Bexley North Station Upgrade. In order to progress the design, site investigations are being carried out by Laing O'Rourke. The site investigations are expected to take up to one month to complete.

### **Site investigations – 3 week days between 13 and 30 August 2019**

**Site investigations** are planned to occur for three week days between 13 and 30 August 2019 **between 7am and 6pm, Monday to Friday. Noisy work will be restricted to 8am to 5pm.**

Work will occur in the commuter car park near the corner of Bexley Road and Kingsgrove Avenue. It will include geotechnical investigations, underground services investigation, and surveying. For more information, please see the diagram overleaf.

Equipment that will be used includes a vacuum truck, small truck mounted geotechnical drilling rig, surveying equipment and hand tools. Some of this work may be noisy at times. Noise monitoring will be carried out while the work takes place and actions will be taken to minimise noise where possible.

### **Temporary parking changes in Kingsgrove Avenue commuter car park**

While site investigations are carried out in Kingsgrove Avenue commuter car park, there will be a temporary loss of three car spaces for three week days between 13 and 30 August 2019.
