

Transport Access Program

Bexley North Station Upgrade

Project update

August/September 2020

Upcoming work in August and September

Work on the Bexley North Station Upgrade is continuing with foundations for a temporary staircase and the new permanent stairs completed in July. Hoardings have also been constructed on the platform and adjacent to the Kingsgrove Avenue Commuter Car Park.

Construction activities will continue throughout September and include:

- minor excavation and services installation
- fencing adjustments on the platform and around the Commuter Car Park area.

Equipment to be used includes excavators, delivery trucks, concrete pumps and trucks, and power and hand tools.

Night work from 31 August until 4 September 2020

Work to excavate trenches and footings, and install underground services will be carried out from **6pm to 6am each night** between **Monday 31 August and Friday 4 September 2020**. This work is carried out at night to ensure the safety of our workers and coincides with a Sydney Trains scheduled trackwork period when **train services don't operate from 8:50pm until 4am**.

For information about **rail replacement buses** during the scheduled trackwork (between 9pm and 12:30am each night), please visit **transportnsw.info** or phone 131 500.

Equipment to be used includes excavators, delivery trucks, lighting towers, power and hand tools.

The night work will be primarily located inside the rail corridor, and there may be some noise associated with this work. Where possible, measures will be implemented to reduce impacts, such as turning off vehicles when not in use, using non-tonal reversing beepers, and monitoring noise levels.

Temporary changes to the commuter car park

From **5am Monday 31 August until Sunday 13 September 2020**, the Kingsgrove Avenue Commuter Car Park will be closed to allow for construction vehicles and concrete deliveries to support the night work activities.

Please use the remaining parking spaces along Kingsgrove Avenue.

Traffic control and signs will be in place to help pedestrians and vehicles with the temporary changes.

For more information call **1800 684 490**,

Construction hours

To support the construction industry and continue the delivery of important infrastructure, the NSW Government has introduced new rules allowing construction sites to operate on weekends and public holidays.

Standard construction hours are from 7am to 6pm every day, including public holidays. These changes have been made to facilitate physical distancing on construction sites and support the health and wellbeing of workers.

We understand extending construction hours to include weekends and public holidays may cause disruption, but all efforts will be made to minimise impacts where possible and ensure strict environmental conditions relating to noise, vibration and dust management are adhered to.

Keep in touch

We will continue to keep the community informed with regular project notifications and frequent updates published to the project website www.transport.nsw.gov.au/bexley-north.

If you would like to be added to the project distribution list, or for more information on the Bexley North Station Upgrade, please contact projects@transport.nsw.gov.au or call the Project Infoline on 1800 684 490.
