

Transport Access Program

Bexley North Station Upgrade

Project update

November/December 2020

Image: Artist's impression of Bexley North Station Upgrade including the upgraded Commuter Car Park. Subject to detailed design.

Work on Bexley North Station Upgrade is continuing with work in the rail corridor and Commuter Car Park underway. Construction activities will continue throughout November and December, and include:

- refurbishment of the existing male toilets to convert them into a family accessible toilet
- excavation and concrete work at the new platform lift and stairs
- construction of foundations for the new station access ramp and retaining walls in the commuter car park
- installation of new services on the platform and in the rail corridor
- deliveries of materials and equipment to the Commuter Car Park temporary work area.

Equipment to be used includes delivery trucks, concrete trucks, excavators, power and hand tools.

Parking and access changes on Kingsgrove Avenue

To create a safe working area ahead of weekend work from 5 to 7 December, and to facilitate the upgrade of the Commuter Car Park, there will be temporary parking and access changes on Kingsgrove Avenue, west of the commuter car park. From **Monday 16 November 2020 until early 2021** the following changes will be implemented to create a temporary work area along the rail corridor boundary fence.

- temporary closure of up to 18 parking spaces along the rail corridor boundary fence
- temporary lane width reduction

Ten car parking spaces along the rail corridor boundary fence will also be temporarily closed from Monday 16 November until Monday 14 December 2020.

Please follow the direction of signage including reduced speed limits while the temporary changes are in place on Kingsgrove Avenue (westbound). Pedestrian access will be maintained to Bexley Road and Bexley North Station past the temporary work area. Please allow extra travel time.

See the map overleaf for location details.

Weekend work - 5 to 7 December 2020

To ensure the safety of customers and workers, work will be carried out during a scheduled Sydney Trains trackwork weekend. Work will be carried out continuously from **2am Saturday 5 December to 7am Monday 7 December 2020**. The station will be closed during the weekend work.

Please visit <u>www.transportnsw.info</u> or call **131 500** for up to date information regarding service updates and replacement buses during this time.

Activities will include:

- demolition and removal of the existing stairs from Bexley Road to the station
- installation of temporary stairs
- installation of the main supports for the new stairs
- excavation and piling for the new lift foundations on the platform
- excavation for foundations on the platform
- installation of services on the platform and below the tracks including upgrading the station power supply
- crane and concrete pumping work from Shaw Lane for the platform construction area. This work will be intermittent and access will be maintained for businesses on Shaw Lane
- crane work to/from the Commuter Car Park.

Equipment to be used includes piling rigs, excavators, mobile cranes, concrete trucks, concrete pumps, delivery trucks, elevated work platforms, power and hand tools.

The construction equipment will be positioned as far away from residential areas as possible and noise levels monitored and mitigated as required.

We apologise for any inconvenience caused by this important work.

See the map overleaf for location details.

Changes to stairs between Bexley Road and the station platform

From **Monday 7 December 2020**, customers will access Bexley North Station via a set of temporary stairs from Bexley Road to the station platform. The temporary stairs have been designed to enable construction of the lift shaft and permanent stairs to continue underneath, without interruption to customer journeys. The temporary stairs are expected to be in place until mid-2021.

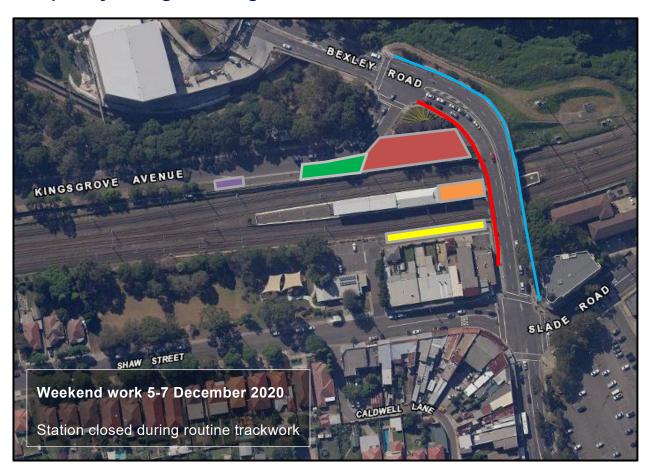

Please contact us if you require assistance using the temporary stairs from Monday 7 December 2020.

Temporary closure of Kingsgrove Avenue Commuter Car Park

The Kingsgrove Avenue Commuter Car Park is temporarily closed **until late 2021** to allow for construction of the access ramp and widened car park. Parking will remain available for commuters on Kingsgrove Avenue (west).

Please continue to access the station via Kingsgrove Avenue and Bexley Road footpath. Please allow additional travel time. Signage will be in place to help pedestrians and motorists with the changes.

Temporary changes during November and December 2020

Bexley North Station Upgrade map legend:

- Station **closed** during trackwork
- Pedestrian footpath **closed** on western side of Bexley Road
- Pedestrian footpath **open** on eastern side of Bexley Road
- Shaw Lane **reduced access** (businesses access only) while mobile crane and concrete pump operate intermittently during weekend work
- Commuter Car Park closed until late 2021
- Temporary construction area in Kingsgrove Avenue (westbound) temporary closure of 18 parking spaces from 16 November until early 2021
- Temporary construction area in Kingsgrove Avenue (westbound) temporary closure of 10 parking spaces from 16 November until 14 December 2020.

Changes to station toilets

To enable refurbishment of the station toilets, the existing male toilet in the station building will be temporarily closed until May 2021. The existing female toilet will be operating as a unisex toilet during this time. Signage has been installed to help customers with these temporary changes.

When complete, the station will feature a new family accessible toilet and a unisex ambulant toilet.

Construction hours

To support the construction industry and continue the delivery of important infrastructure, the NSW Government has introduced new rules allowing construction sites to operate on weekends and public holidays.

Standard construction hours are from 7am to 6pm every day, including public holidays. These changes have been made to facilitate physical distancing on construction sites and support the health and wellbeing of workers.

We understand extending construction hours to include weekends and public holidays may cause disruption, but all efforts will be made to minimise impacts where possible and ensure strict environmental conditions relating to noise, vibration and dust management are adhered to.

Keep in touch

We will continue to keep the community informed with regular project notifications and frequent updates published to the project website <u>transport.nsw.gov.au/bexley-north</u>.

If you would like to be added to the project distribution list, or for more information on the Bexley North Station Upgrade, please contact projects@transport.nsw.gov.au or call the Project Infoline on 1800 684 490.
