

Transport Access Program

Beecroft Station Upgrade

Project Update

August 2021

Work to upgrade Beecroft Station will continue in August and includes:

- continuation of the refurbishment of the existing platform toilet facilities
- continuation of electrical and communication services upgrade work
- continuation of work associated with lift structures
- continuation of the replacement of the existing footpath between the station and Sutherland Road Commuter Car Park.

Equipment to be used includes excavators, concrete trucks/pumps, asphaltting equipment, delivery trucks, cranes, power tools and hand tools.

Station toilet closed – temporary toilet available

The existing toilet in the station building will be continue to

remain closed until **November 2021** while it is upgraded to a family accessible toilet. In line with restrictions introduced by the NSW Government on 17 July 2021 to help keep our communities safe, construction activities on Beecroft Station Upgrade were paused until Friday 30 July. Thereby, weekend work scheduled over Saturday 24 July and Sunday 25 July could not be completed, and therefore the completion of the toilet access ramp has been delayed.

A temporary unisex toilet will continue to be available for customer use at the Sutherland Road entrance to the pedestrian tunnel, and is available during station opening hours. Signage is in place to help customers with these temporary changes.

Permanent footpath

The footpath upgrade, between underpass and Sutherland Road Commuter Car Park, will be completed by **mid - August**. The temporary footpath will be removed and pedestrians will have access to the new permanent footpath

Ongoing station access changes

The stairs and ramp between Wongala Crescent Commuter Car Park and the station will remain closed until **late 2021**, to allow for construction of the new lift to be carried out. Customers can continue to access the station via the ramp from Wongala Crescent, and the pedestrian underpass tunnel.

Extended standard construction hours

Standard construction hours are now **7am to 6pm every day**. This is to facilitate social distancing on construction sites and support the health and wellbeing of workers.

For the safety of staff, customers and the community, some work will be completed outside standard construction hours. We will notify nearby residents and businesses in advance if we need to work outside these times.

This work schedule may be subject to change due to NSW public health orders. Thank you for your ongoing patience during the pause to all construction work.

Keeping the community informed

The community will be kept informed with regular project notifications and information via the project website: transport.nsw.gov.au/beecroft.

This document contains important information about public transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call Transport for NSW on **1800 684 490**. The interpreter will then assist you with translation.
