

# Transport Access Program

## Bexley North Station Upgrade

Project completion

November 2021

Above: The new lift at Bexley North Station is now open.

Bexley North Station Upgrade is now complete and the community is able to use the station's new and improved accessibility features, including:

- a new lift and upgraded station entrance, stairs and canopy
- reconfigured and upgraded commuter car park including two new accessible parking spaces
- new accessible pathways throughout the station precinct, including a new ramp to the commuter car park
- a new family accessible toilet and unisex ambulant toilet
- CCTV and lighting improvements to increase safety and security around the station precinct.

### Key facts

799 workers used  
on the project

52,938 hours  
worked

33.3 tonnes of structural  
steel used

236 cubic metres of  
concrete poured

For urgent enquiries or complaints regarding construction activities, please call 24 hours 1800 775 465

The project was completed as part of the Transport Access Program, a NSW Government initiative to provide a better experience for public transport customers by delivering accessible, modern, secure and integrated transport infrastructure.

## Finishing work

While the new lifts and key features of the Bexley North Station Upgrade are now open, finishing works will continue to be carried out during November and December 2021.

Work will include resurfacing work on the platform between **6am Saturday 20 November to 6pm Sunday 21 November 2021** during a scheduled Sydney Trains track work weekend, when the station is closed and no trains are running.

Once resurfacing work is complete, new tactiles will be re-installed along the platform in late November and early December.
