

Schedule 4 – Headway and Fleet Size Parameters

(clause 33.15(a))

1. The parties acknowledge and agree that, as contemplated in clause 13.1 of Schedule 2 (*Service Payment Calculation*), the Principal may request an amendment to the Contract Service Level Requirements which is outside the Service Change Limitations as a Modification under clause 33 of the Operative Provisions.
 2. The parties acknowledge and agree that the parameters set out in Table 1 below for an amendment to the Contract Service Level Requirements which is outside the Service Change Limitations may be implemented by way of a Modification under clause 33 of the Operative Provisions.
 3. The parties acknowledge and agree that the parameters set out in Table 2 below form a baseline for the Train fleet requirements related to a future Extension based on the details provided in Particular Specification 15 (*Provisions for Extension*) and may be implemented by way of an Extension under clause 38 of the Operative Provisions.
 4. OpCo acknowledges that nothing in this Schedule 4 (*Headway and Fleet Size Parameters*) obliges the Principal to request an amendment to the Contract Service Level Requirements which is outside the Service Change Limitations in accordance with this Schedule 4 (*Headway and Fleet Size Parameters*) or otherwise in accordance with clause 33 of the Operative Provisions.
 5. OpCo acknowledges that nothing in this Schedule 4 (*Headway and Fleet Size Parameters*) obliges the Principal to request an Extension in accordance with this Schedule 4 (*Headway and Fleet Size Parameters*) or otherwise in accordance with clause 38 of the Operative Provisions.
 6. The parties agree that this Schedule 4 (*Headway and Fleet Size Parameters*) will have no further effect after the date that is 4 years prior to the Expiry Date.
